

Bringing dog & cat into Japan

Dogs and cats imported into Japan
must undergo import quarantine inspection.

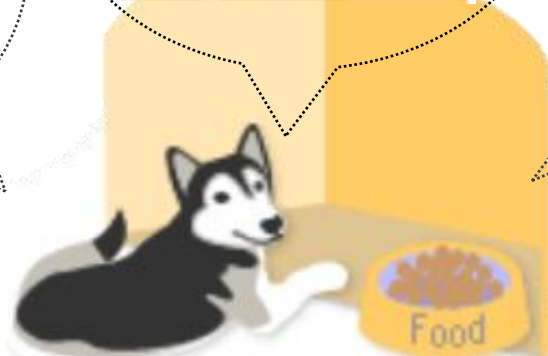

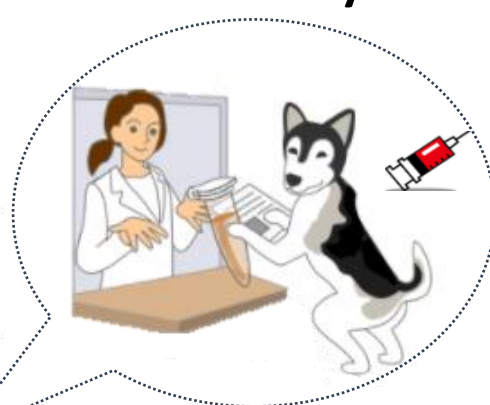

Dogs and cats which don't meet import requirements including certification deficiency will be subject to quarantine and isolation for the necessary period up to 180 days.

② Rabies vaccinations (twice or more)

① Microchip implanting

③ Rabies antibody test

Please contact with us in advance when making a decision of bringing your pet into Japan.

Animal Quarantine Service,

Ministry of Agriculture, Forestry and Fisheries, Japan
